## Santa Claus is Coming to Town

Santa Claus will be visiting Westworth Village on **December 15th!** He will begin his ride through town on the route pictured on a Fort Worth fire engine at **9:00 AM** and will be escorted by Westworth Village PD to the City Hall Community Room to meet all of the children until **noon!**

We will be providing free photos with Santa! Join us for a very merry day full of fun, snacks, and Christmas crafts!

## Eye On Water Account Set-Up

The City provides smart water meters, which allow residents to monitor their water consumption on a daily basis. In order to access this information, residents must sign up for Eye On Water online or via the mobile app. If you need assistance setting up your account, you may visit the Westworth Village Public Library. Please make an appointment ahead of time at 817-738-2248.

## Holiday Auto Theft Awareness

**A reminder from the Westworth Village Police Department**

## Vision Committee

The City Council is seeking residents that are interested in serving on the Vision Committee. If you would like more information about this committee and how to apply to serve on it, please contact City Secretary Brandy Barrett at 817-710-2526 or by email at [bbarrett@cityofwestworth.com](mailto:bbarrett@cityofwestworth.com).

## Library After School Programs

### Science Club: Milk into Plastic

Thursday, December 6th (3:30—4:30 PM)

Perfect for kids who are curious and enjoy fun experiments.

### Around the World Club: South America

Thursday, December 13th (3:30—4:30 PM)

Don't have a passport? Learn about exotic places and experience different cultures.

### Art Club

Thursday, December 20th (3:30—4:30 PM)

Join Ms. Niki from the Little Art Bus and make beautiful, wonderful creations!

All programs are great for kids in 3rd grade and up. Science and Around the World Club will take place in the City Hall Community Room and Art Club will take place on the Little Art Bus at City Hall.

## Message from the Water Utilities Services

### Residential Winter Sewer Averaging

Each year the City of Westworth Village averages the water consumption of the December, January, and February billing periods to recalculate sewer charges. These months are used because typically residents do not have a high outdoor water demand and are considered to be the lowest overall water use.

The new winter sewer average goes into effect on the March billing and that will be the new monthly sewer charge for the next twelve months.

### Commercial

Sewer charges for commercial customers are based on the monthly water consumption.

### Water Conservation Tips

- Residents should begin preparations to monitor for any water leaks, monitor water consumption and practice beneficial water conservation.
- Most grasses and vegetation are now dormant; watering of grass, plants, and landscaping should be kept to a minimum.
- Sewer cost could go up, down, or stay about the same depending on how much water is used during December through February billing.

## Grease is a Hazard to Our Health

Residents should never dispose of cooking grease or cooking oils by washing them down the plumbing system or the storm drain. Oils pollute our streams and creeks by forming a film on the water surface and preventing oxygenation for aquatic life. Polluted water runoff can lead to severe State and Federal fines. As sewer pipes back up, food and sewage particles accumulate to create a health hazard by attracting insects and vermin. Soak leftover amounts of cooking oil with a paper towel and throw it in the trash, filter and freeze to reuse for another meal, or recycle cooking oil by calling the Fort Worth Household Hazardous Waste Collection Center at 817-871-5257.
