Luncheon Guest

Caitlin Hardegre

Sixty and Better

Catered by:

Please bring your favorite dessert.

Sponsored by the Crime Control and Prevention District

May 4th, 2019 General Election

The City will hold a General Election on Saturday, May 4, 2019 for Mayor and Council Place 1 and 5. Applications are available on the City website at www.cityofwestworth.com/election-information or in the City Secretary's office. The first day applications can be accepted is Wednesday, January 16. The filing deadline for candidates is on Friday, February 15, by 5:00 PM. Contact Brandy Barrett for further information at 817-710-2526.

Managing Polluted Water Runoff

Households can prevent polluted runoff by picking up after pets and using, storing, and disposing of chemicals properly. Drivers should check their cars for leaks and recycle their motor oil and antifreeze when these fluids are changed. Drivers can also avoid impacts from car wash runoff such as detergents, grime, etc. by using car wash facilities that do not generate runoff. For more information, visit the U.S. Environmental Protection Agency online at www.epa.gov/nps.

Recycled Christmas Trees

Waste Connections will help recycle your used Christmas trees. Just place your tree on your curb after the holidays. Pick up will be on Saturday along with your regular trash.

Vision Committee

The City Council is seeking residents that are interested in serving on the Vision Committee. If you would like more information about this committee and how to apply to serve on it, please contact City Secretary Brandy Barrett by email at bbarrett@cityofwestworth.com or by phone at 817-710-2526.

Utility Billing Information

In an effort to become greener and to provide our residents with the most accessible and convenient experience, we are now offering paperless billing through email. In order to opt-in for this new service, please fill out the form that is enclosed with this newsletter and send it in with your payment or bring it to the Utility Clerk at City Hall. If have questions, please contact the Utility Clerk at 817-710-2506 or adominguez@cityofwestworth.com

The Westworth Village Utility Department would also like to remind residents that we offer automatic drafts as a payment option. This is a worry-free option that helps to avoid late fees. You will still receive a bill monthly, but the payment will automatically be drafted from your bank account or credit card. If you would like to sign-up for this service, please come to City Hall to fill out the required form.

As always, the City also accepts payment in person, by mail or in the drop box via check or money order, or through our online portal at :

Thursday, January 17th
3:30-4:30 PM

All programs are great for kids in 3rd grade and up and will take place in the Community Room inside City Hall.

Grease is a Hazard to Our Health

Residents should never dispose of cooking grease or cooking oils by washing them down the plumbing system or the storm drain. Oils pollute our streams and creeks by forming a film on the water surface and preventing oxygenation for aquatic life. Polluted water runoff can lead to severe State and Federal fines. Another hazard of improper grease disposal is that it can cause sewer pipes to back up, causing food and sewage particles to accumulate and create a health hazard by attracting insects and vermin. Soak leftover amounts of cooking oil with a paper towel and throw it in the trash, filter and freeze to reuse for another meal, or recycle cooking oil by calling the Fort Worth Household Hazardous Waste Collection Center at 817-871-5257.
