## SF-R Zoning Action

The city is proposing a zoning change that will affect properties in SF-R. The proposed changes will add additional zoning categories, decrease the maximum impervious surface area allowed, increase the minimum lot size and bring all the lots into conforming status, even if they are smaller than the new proposed lot size. Affected properties are shown in yellow in the map below.

**As required by law, the City of Westworth Village will hold two Public Hearings, in the Council Chamber at City Hall, 311 Burton Hill Road at the following meetings, prior to acting on the proposed change:**

- **Planning & Zoning Commission, Thursday, January 7, 2021 at 6:00pm**
- **Council Meeting, Tuesday January 12, 2021 at 7:00 pm**

If you have questions or would like additional information, please contact City Secretary, Brandy Barrett at [bbarrett@cityofwestworth.com](mailto:bbarrett@cityofwestworth.com) or (817) 710-2526, or stop by during normal business hours.

The first day applications can be accepted is Wednesday, January 13th The filing deadline for candidates is on Friday, February 12th, by 5:00 PM. Contact Brandy Barrett for further information at 817-710-2526.

## Managing Polluted Water Runoff

Households can prevent polluted runoff by picking up after pets and using, storing, and disposing of chemicals properly. Drivers should check their cars for leaks and recycle their motor oil and anti-freeze when these fluids are changed. Drivers can also avoid impacts from car wash runoff such as detergents, grime, etc. by using car wash facilities that do not generate runoff. For more information, visit the U.S. Environmental Protection Agency online at [www.epa.gov/nps](http://www.epa.gov/nps).

## Recycled Christmas Trees

Waste Connections will help recycle your used Christmas trees. Just place your tree on your curb after the holidays. Pick up will be on Saturday, January 2nd along with your regular trash.

TOAST, & A FOUNTAIN DRINK**  
**\$5**  
RESIDENTS CAN ENJOY THIS MEAL DEAL ANY DAY IN JANUARY  
  
NOT REDEEMABLE FOR CASH - NO CASH VALUE

## Grease is a Hazard to Our Health

Residents should never dispose of cooking grease or cooking oils by washing them down the plumbing system or the storm drain. Oils pollute our streams and creeks by forming a film on the water surface and preventing oxygenation for aquatic life. Polluted water runoff can lead to severe State and Federal fines. Another hazard of improper grease disposal is that it can cause sewer pipes to back up, causing food and sewage particles to accumulate and create a health hazard by attracting insects and vermin. Soak leftover amounts of cooking oil with a paper towel and throw it in the trash, filter and freeze to reuse for another meal, or recycle cooking oil by calling the Fort Worth Household Hazardous Waste Collection Center at 817-871-5257.
