## Alarm Permits

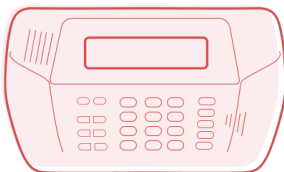

To refresh our longtime residents and inform our new residents, here are some quick details on our alarm ordinance:

- No person shall operate an alarm system without an alarm permit issued by the Chief of Police.
- Applications for alarm permits are available through the police department or at <http://www.cityofwestworth.com/permits-and-building-inspections>
- Residential/ tenant alarm permits expire after 3 years from date of issuance.
- If the system was removed, the permit may be cancelled by providing written notice or returning the permit to the dispatch office.

The responsibilities of a permit holder are as follows:

- Keep the alarm and premises where the alarm is housed in good working order
- Maintain the alarm system in a manner that will minimize false alarm notification
- Address malfunctioning alarm systems in a timely manner
- Do not activate the alarm, without prior notification to the police department, for any reason other than the occurrence of an event that the alarm system was intended to report
- Notify the police department and the alarm company prior to activating an alarm for maintenance purposes
- Do not utilize any alarm system which causes an audible signal to be emitted for more than fifteen minutes after being activated or which emits a subsequent alarm without being reset
- If more than 4 false alarms occur in a 12 month period, the permit holder will be charged a fee for each subsequent false alarm.
