Texas Back-to-School Tax Free Weekend will be held August 5, 6, and 7. Items include clothes, shoes, and school supplies.

BURTON HILL ELEMENTARY OPENS FOR SCHOOL

As the school year approaches, please be aware of children walking to school and crossing the streets. The school zone on Burton Hill Road is 20mph. Flashing light signals will remind you to slow down.

August 22nd is the first day of school. The building opens daily at 7:30am. The school parking lot is for school staff only. Drivers are asked to park on the right hand side of the street, by the fence, in front of the school. For further information, visit the school website at www.burtonhill.fwisd.org or call the school at 817-815-1400.

WASTE COLLECTIONS RECYCLABLE ITEMS

The following is a weekly schedule for recyclable items. More information may be found on the City website at www.cityofwestworth.com.

Wednesday Service: poly cart, recycling bin, and bundled brush

Acceptable recycling items are metal cans, glass bottles and jars, newspaper, magazines, phone books, junk mail advertisements, plastic #1 - #7 (milk, juice, detergent jugs etc.) and chipboard (cereal boxes, soda boxes, etc.)

Bags of Leaves can be placed in large plastic industrial bags or heavy duty yard bags.

Bundled brush and tree limbs must be cut to 4-foot lengths, tied in bundles not weighing more than 50 pounds, and placed at the curb.

Saturday Service: poly cart and bulky items

Bulky items such as furniture, stoves and washer/dryers must be placed at the curb.

No refrigerators, freezers or air conditioners.

Special Pickup Service for construction debris, bulky waste, large piles of unbundled brush, etc., must be coordinated with Waste Connections by calling (817) 222-2221. Residents are not permitted to use the Fort Worth Drop-off Stations. The City provides an annual trash collection day to help assist you.

WESTWORTH VILLAGE UPGRADES TO SMART WATER METERS

Beginning in August, the City will upgrade water meters to smart meters which will allow residents to monitor their water consumption on a daily basis. This system will also eliminate the need for manual meter reading every month as the meters will be tied directly to our water billing software. The process to convert the entire City will take approximately 5 months. Once your meter has been converted, a door hanger will be placed on your front door with instructions on how to access your water meter via the web page log-in "Eye on Water". This system will also monitor possible water leaks on the homeowner's side of the water line and can notify you by e-mail of a possible leak.
