May 6th, 2023 General Election

The May 6th election has been canvassed and we would like to welcome back our returning mayor and council members, Mayor Kelly Jones, Councilman Phillip Poole and Councilman Halden Griffith!

Please join us in congratulating our incumbents and thanking all of our candidates and those who came out to vote! As always, if you would like to contact the mayor or council, their email addresses are available on the city website at: <http://www.cityofwestworth.com/city-council>

Committee and Board Volunteer Applications

Please consider applying to serve on one of our committees. The council relies on the recommendations of the committees when making decisions for our amazing city. As the demographics of our town continue to change, the makeup and representation on our committees should continue to reflect those changes, as we continue to honor the past, address the present, and plan for the future. The only way that is possible is if YOU get involved.

The application is simple, and the service requirements are minimal – but the impact is huge! If you have a desire to serve your community, this is an excellent way to get started!

The volunteer application can be found online at www.cityofwestworth.com/boards-commissions or by scanning the QR to the right, or is available in the lobby at city hall. If you have any questions about these committees, and where your services is most needed, please don't hesitate to reach out to a council member or me.

Applications need to be turned into Brandy Barrett at bbarrett@cityofwestworth.com no later than **June 6th**. On June 7th, all applications will be provided to the city council members, as it typically makes appointments at the June council meeting.

- Mayor Jones

Melva Campbell Park Reservations

The city has launched the long-awaited reservation system for Melva Campbell Park! To access this system or learn more about the process, you can visit www.cityofwestworth.com/facility-rentals or scan the QR code below! **Here are answers to some of our park rental FAQs:**

- The city allows one reservation per rental area per day—3 pavilions and the pickleball court.
- Rentals can be made in 2, 4, or 6 hour durations.
- Westworth Village residents receive discount pricing and must be able to provide proof of residency upon request.
- Reservations are not valid until the requester has received approval confirmation and made payment in full through our online payment portal.
- All areas of the park are available for public use on a first come, first served basis unless the area has been reserved through our system.
- Public restrooms and water fountains are always available inside the Police Department lobby.
- A full list of policies, including pricing and usage rules and restrictions can be found on the website.

MedStar Community Training

When a medical emergency occurs, every minute counts. Citizen responders who are able to act swiftly while EMS are enroute often *save lives*. Do you have the knowledge and skills to become a citizen responder if an emergency arises?

Due to an overwhelming response last month, MedStar is offering a second free Hands Only CPR, Stop the Bleed, and Narcan Administration Class for those who could not attend the May session on **Thursday, June 8th from 6—8 PM** at their headquarters: **2900 Alta Mere Dr., Fort Worth**. Facility tours will be available as well. To register for this event, scan this QR code.

Water Conservation Tips

Water is one of our most precious resources. It should be conserved year round, but as the heat of the summer approaches, it is more important than ever to be mindful of your usage.

Indoors:

- Fix dripping faucets by replacing washers, as continuous small drops add up quickly.
- Check all plumbing for leaks and have any leaks repaired by a plumber.
- Monitor your water usage using your Eye on Water.
- Choose energy and water efficient appliances, low flow shower heads, and low-volume toilets.
- Don't pour water down the drain when there may be another use for it (i.e. watering plants)
- Don't leave water running when performing daily tasks such as washing dishes, brushing your teeth, or shaving.
- Wash only full loads of laundry and dishes.

Outdoors:

- Position sprinklers so water lands on the lawn and shrubs and not on paved areas.
- Don't over-fertilize your lawn and apply fertilizers that contain slow-release, water-insoluble forms of nitrogen.
- Check sprinkler systems and timing devices regularly to be sure they operate correctly.
- Cover pools and spas to reduce water evaporation.
